RHYTHM AND ROLL

This class safely introduces basic gymnastics balances, rolls, springs and landings and rotations while also developing a dance foundation. Children improve motor skills, coordination, balance and flexibility in a playful atmosphere. Beginning dance moves help develop rhythm, spatial awareness and self-confidence. Hula hoops, ribbon sticks, scarves and other props add to the fun!

ROBOTICS CAMP-BEGINNING

Robotics Camp introduces young people to the fun and excitement of science and technology while building knowledge and self-confidence. Participants will learn how to build and program different types of robots using LEGO NXT robotics kits. Our expert instructors will help them develop brainstorming and problem solving skills, and will give them a taste of what the FIRST LEGO League is all about. This is an introduction to LEGO robotics, so no prior experience with LEGOs or computers is required.

ROBOTICS CAMP-INTERMEDIATE

If you previously attended the Beginners Lego Robotics Camp, this intermediate level camp is for you! After a brief review of the LEGO Mindstorms NXT building, brainstorming, and programming skills you've already learned, you will discover how to creatively use programming, sensors and robot attachments to make your robot solve complex missions. You will design and program your own vehicle-style robot to master FIRST LEGO League (FLL) challenges from the most recent competition season. See firstlegoleague.org for more information about the FIRST LEGO League. Students must have previously attended the Beginner Robotics Camp, or get the instructor's permission.

POOL PROGRAMS

pgs. 34-49

ADULT CHILD PARTICIPATION SWIM LESSONS

Designed for children under the pool's height requirement to have fun in the water, while developing swimming readiness. Course content includes Levels 1-3 as skills progress. All children must be accompanied by an adult in the water.

ADULT SWIM LESSONS

Open to adults ages 18 years and over. This class is intended for beginning to intermediate swimmers.

COMPETITIVE SWIM LESSONS

Designed for children looking to prepare for a swim team and gain swimming endurance. Students will receive structured workouts and instruction in competitive strokes and techniques. Class length is 60 minutes.

JR. LIFEGUARD SWIM LESSONS

Designed to prepare students for Lifeguard training. This class will teach you how to perform a rescue safely, use a backboard, and activate an Emergency Action Plan. Students must have passed a swim Level 4 (Stroke Development) or higher in order to enroll.

LEVEL 1 - WATER EXPLORATION SWIM LESSONS

Water introduction emphasizes basic floating skills that can be built on as they progress (i.e. water adjustment, submerging face, supported floating and kicking). Student must meet the pools minimum height requirement.

LEVEL 2 - PRIMARY SKILLS SWIM LESSONS

Designed for students who are adjusted to the water and can perform water movement skills including arm movement and leg kicks. Students will practice unsupported floating, flutter kicking, turning over and the combined stroke. Students must be able to perform level 1 skills: float relaxed 10 seconds (front/back); glide 10 feet (front/back).

LEVEL 3 - STROKE READINESS SWIM LESSONS

Introduction of basic swim strokes. Students practice coordinating the components of the front and back crawl. The fundamentals of the elementary backstroke and treading water are reviewed. Students will be introduced to deep water. Students must be able to perform Level 2 skills: Combined stroke on front and back, turning over back to front and front to back. Students must meet the pools minimum height requirement.

LEVEL 4 - STROKE DEVELOPMENT SWIM LESSONS

Emphasizes reinforcement of the basic swim strokes with an emphasis on confidence and competency in Level 3 skills. Students should be comfortable in deep water. Students will build endurance by swimming elementary backstroke, front crawl and back crawl at increased distances. Students will also learn the basics of breaststroke, sidestroke, and turning at the wall.

LEVEL 5 - STROKE REFINEMENT SWIM LESSONS

Students will work on the coordination, endurance and refinement of the key strokes presented in Level 4. The basic rulers of diving will be reviewed. New skills to be introduced: feet first surface diving, dolphin kick and underwater swimming.

LEVEL 6 - SKILL PROFICIENCY SWIM LESSONS

Students will polish the strokes presented in previous levels with greater ease, efficiency, power, and smoothness over greater distances. New skills to be introduced: the pike surface dive, tuck surface dive, and additional turns.

TOT CLASS SWIM LESSONS

Level 1 (water Exploration) skills are taught to children between the ages of 3-5 years old who do not meet the height requirement.

As a result of the City of San Jose City Council action, we will offer swim lesson registration at the Camden and Mayfair Pools only at this time.

The City of San Jose is currently in the process of identifying alternate service providers to deliver aquatic program services at the remaining pool sites; Almaden Lake, Alviso, Biebrach, Fair Swim Center and Rotary Ryland.

Registration at these sites will be delayed pending the outcome of this process. We will provide updates regarding the remaining pools at this website as the information becomes available. We appreciate your patience.

Please bring your own Pilates Mat and Water.

PILATES, MAT

Pilates is effective for people of all ages and fitness levels. Build long, lean muscles without bulk. Challenge deep abdominal muscles to support your core. Reduce stress, relieve tension and boost energy through deep stretching. Restore postural alignment. Improve the way your body looks and feels. Wear loose fitting clothing and bring a water bottle.

PILATES, RESTORATIVE

Restorative Pilates is a balanced workout that integrates core strength and proper alignment with awareness of movement and breathing, creating a "mind-body connection" missing from many exercise methods. You will develop deep strength and make lasting postural changes that give a graceful flow of movement in all of your activities.

POWER HOUR

This workout is for those serious about getting in shape! Each workout will consist of a warm-up, intense strength circuit, cardio interval training, abs session and cooldown/stretch. Measurements are taken each month to track participants progress.

POWER PILATES

Pilate's uses your body's natural resistance to strengthen, tone and stretch your abdominal, back and leg muscles, improving your posture, building stronger and more flexible muscles, and increasing your energy. This is a more intense Pilate's class. Wear loose fitting clothing and bring a water bottle and mat.

ABOUT OUR SENIOR SERVICES

You've probably heard quite a bit about cuts to our Senior Services Program and the closure of facilities. Yes, due to budget constraints we've had to reduce some services and transfer the operation of some of our smaller centers to local non-profit organizations. These organizations will continue to offer the services normally provided by City staff in our community centers. Our most popular programs; Senior Nutrition, Leisure Classes and exercise programs will remain intact. We will work to make any transitions as seamless as possible and we are available to answer any questions you may have about our services. Our commitment to our senior residents remains one of our highest priorities and we thank you for your continued participation. For more information please call (408) 979-7915 or email tina.wong-erling@sanjoseca.gov

Sincerely,
Your Senior Services Staff
